

Internal Audit plan 2022/2023 mid-year progress report

Committee Audit and Standards

Date of meeting 25 November 2022

Date of report 9 November 2022

Report by Chief Executive

1. Object of report

To ask the committee to note the progress made to date in achieving the Internal Audit plan and performance objectives for 2022/2023.

2. Background

The Internal Audit plan 2022/2023 was approved by the Audit and Standards committee, at its meeting of 9 September 2022.

The Internal Audit plan provides the direction of travel and a framework for internal audit work in the forthcoming year. The plan is aligned to the Partnership's strategic objectives, the (local) code of corporate governance and assurance framework, whilst having scope to be responsive to change.

The risk-based plan and the scope of each engagement have been informed by:

- assurance framework;
- risk registers;
- external factors (i.e. governance initiatives, intelligence and networking);
- Strategy Group and senior management consultation.

The Audit and Assurance team provide Internal Audit services to Strathclyde Partnership for Transport and the Strathclyde Concessionary Travel Scheme Joint Committee. Most of the planned assurance engagements encompass both organisations as they share common core systems and business processes.

3. Outline of findings

The main objective of the Internal Audit plan for 2022/2023 is to provide an agile assurance service that assesses the effectiveness and efficiency of the Partnership's systems for internal control. The plan includes provision for consulting activities and fraud-related work.

Assurance engagements are an objective examination of evidence for the purpose of providing an independent assessment on governance, risk management and control processes and that operations are being conducted in accordance with external regulations, legislation, internal policies and procedures (i.e. financial, performance, compliance and system security engagements). Assurance levels are based upon findings and conclusions at an individual engagement level which, when collated on an annual basis, support SPT's view on systems for internal control.

Seven assurance engagements have been completed and reported to the Audit and Standards committee in 2022/2023, to date. A summary of each completed engagement and the assurance level(s) offered, is shown in Appendix 1.

To assist members a copy of the level(s) of assurance assigned to each engagement is provided to the committee at Appendix 2.

In addition, seven follow-up reviews of assurance engagements have been completed in the year to November 2022. Follow-up reviews found that 19 of the 19 (100%) recommendations from these previously reported engagements have been implemented.

Consulting activities are advisory in nature and relate to specific requests from senior management. They are intended to add value and improve governance, risk management and control processes without the internal auditor assuming management responsibility.

During 2022/2023, Audit and Assurance has provided consulting services in relation to SPT's response to Audit Scotland reports, business continuity planning arrangements and business improvement projects.

Managing the risk of fraud and corruption is the responsibility of SPT management. Audit and Assurance assist management in the effective discharge of this responsibility. The Counter Fraud Strategy (including Anti-Fraud and Corruption Policy, Whistle Blowing Policy and Financial Regulations relating to financial irregularity) outlines the Partnership's commitment to raise awareness, prevent, detect, investigate and report fraud. The annual Internal Audit plan includes provision for fraud-related work to support this strategy.

Audit and Assurance has provided assistance to management in line with the Partnership's commitment to raise awareness, prevent, detect, investigate and report fraud.

A report was presented to the Audit & Standards meeting of 9 September 2022 on the National Fraud Initiative (NFI) in Scotland 2022.

Quality assurance

In the year to 28 October 2022, 180 of the 350 audit plan days (51%) have been achieved.

In accordance with the requirements of the Public Sector Internal Audit Standards (PSIAS), a self-assessment exercise and quality assurance and improvement programme (QAIP) 2022/2023 for the Audit and Assurance service has been completed. This exercise used good practice guidance, namely, the CIPFA local government application note for the UK Public Sector Internal Audit Standards 2019, as the benchmark.

The self-assessment found that the Audit and Assurance service conforms with the *International Standards for the Professional Practice of Internal Auditing*.

The QAIP for 2022/2023 is outlined at Appendix 3.

The Audit and Assurance service has been independent in its planning, operation and activity throughout 2022/2023, as set out in the Internal Audit Charter.

All engagements have been conducted in conformance with the Public Sector Internal Audit Standards (PSIAS) and the Internal Audit Charter.

4. Conclusions

The Internal Audit plan for 2022/2023 was approved by the Audit and Standards committee, at its meeting of 9 September 2022. Good progress has been made, to date, in achieving the Internal Audit plan for 2022/2023.

5. Committee action

The committee is asked to note the contents of this report and the progress made to date in achieving the Internal Audit plan for 2022/2023.

6. Consequences

Policy consequences	<i>In accordance with the Public Sector Internal Audit Standards 2017.</i>
Legal consequences	<i>In accordance with the Local Authority Accounts (Scotland) Regulations 2014.</i>
Financial consequences	<i>None.</i>
Personnel consequences	<i>None.</i>
Equalities consequences	<i>None.</i>
Risk consequences	<i>As detailed in the report.</i>
Climate Change, Adaptation and Carbon Consequences	<i>None.</i>
